

**Panel Presentation at the Left Forum, June 4, 2017 held at John Jay College in NYC.**

Donald Trump brags, stating in his inauguration speech: "We assembled here today are issuing a new decree to be heard in every city, in every foreign capital and in every hall of power. From this day forward, a new vision will govern our land. From this day forward, it's going to be only America first - America first." He says he will "fill up" Guantánamo with "bad guys" and may direct the military to openly torture. He promises HUGE increases in military spending, and expansion of the military. Since Trump has been Commander in Chief civilian casualties have spiked. And now, Trump is threatening North Korea, and the entire planet, with nuclear war. How should we respond and resist?
